// GENERAL INFORMATION

The City of Haifa and the University of Haifa:

Haifa is a beautiful Mediterranean city surrounded by miles of natural beaches and the Carmel National Park. In addition, Haifa is Israel's foremost port city for international commerce and a center of high tech industry. It is the world center of the Baha'i faith, and the Jewish, Christian, Muslim and Druze communities play important roles in shaping the city's harmonious and friendly social ambiance. Haifa is a city that offers all forms of cultural entertainment with its internationally acclaimed symphony orchestra and theater and numerous cinemas, clubs, restaurants and pubs.

For more information on attractions in Haifa: <https://uhaifa.org/attractions>.

The University of Haifa is located on top of Mt. Carmel on the southeast side of the city bordering with the Carmel National Park. Over 17,000 students are enrolled in its undergraduate and graduate degree programs in the faculties of humanities, social sciences, education, social welfare, science and science education, and law. The University is also the home of a large number of research institutes and study centers and offers extensive pre-academic and external study programs.

On-Campus Dormitories:

The University of Haifa student dormitories are located on campus and there is a security guard at the entrance 24 hours a day. About 1,000 students live in the dorms at the University of Haifa, including students of all social, economic, religious, and ethnic backgrounds. While students are not required to live in the dormitories on campus, it is strongly encouraged. The dormitories allow the opportunity to meet many Israeli students and have a more complete Israeli experience.

There are three types of dormitory accommodations available to international students:

- **Federman Single Dorms** have shared apartments with 3 private bedrooms, shared bathroom/shower and shared common area.
- **Federman Double Dorms** have shared apartments with 3 bedrooms, each shared by two students, shared bathroom/shower and shared common area.
- **Talia Dorms** include shared apartments with 3-6 private bedrooms, private shower/bathroom, and shared common area. **(All students residing in the dorms will be placed automatically in Talia for the first two weeks regardless of quarantine requirements, and will be able to switch dorms after that time based on room availability).**

Located in the dormitories complex are self-service laundry rooms and a grocery store. All rooms and public spaces in the dormitories have WIFI Internet connections. In addition, there is a "moadon" or "club" with a large-screen television which often hosts parties, workshops, lectures, and other activities.

Food and Living Expenses during your studies:

There is no meal plan at the University of Haifa, but students can prepare meals in their suites. Larger supermarkets and the open-air market are within a short bus ride from the campus. There are also subsidized cafeterias located on campus serving kosher meals during the day at reasonable prices. Numerous restaurants are located within a short driving distance from campus.

You should plan to spend \$500-\$700 per month for food, independent travel, and incidental expenses. You may need a bit more for the first month to cover initial purchases of household items and books.

Gym Facilities:

The University of Haifa has a gym on campus with different aerobic machines (treadmill, bicycles, and elliptical machines) as well as weights. The facility is located within short walking-distance from the dormitories. International students are welcome to purchase a membership to the gym for the period of time that they will be in Haifa. For those who will indicate interest, we will prepare their registration forms and they will register directly through the gym administration after completion of the quarantine period.

To apply for a Student Visa you must contact the Israeli Consulate in your area. The Israeli Consulate will inform you as to which type of documents you will need. Most likely you will need to submit the following items with your application:

1. Your passport, valid for at least two more years.
2. Your letter of acceptance to the University of Haifa.
3. Two copies of the visa application form, with one photograph attached to each copy. Forms can be obtained from the Israeli Consulate.

Luggage:

We recommend that you do not ship luggage to Israel. It is best to take your belongings with you and check them on your flight. If you must take excess baggage, it is much less expensive to pay the extra baggage charge than to ship baggage. If you choose to ship luggage, please note that procedures for clearing bags through customs can be quite complicated. You must have a detailed itemized list of the contents of each bag, and you may be taxed on personal items whether they are new or used. In addition to customs fees, you may be required to pay port fees and handling charges. Rather than bringing excess luggage or shipping baggage, we encourage you to minimize your packing and consider purchasing necessities upon arrival in Israel.

If you are lost or need directions during arrival, please call: +972-52-866-6431 between the hours of: 8:00am-8:00pm.

If your suitcase or any of your personal items are lost at Ben Gurion Airport, please provide the same number as above when filling out the contact information for the missing items report: +972-52-866-6431.

How to Arrive from the Airport to the University of Haifa:

Ben Gurion International Airport is about a 1.5 hour car ride from the University of Haifa. It is very easy to find your way from Ben-Gurion International Airport to the University of Haifa.

Under current Covid-19 regulations, transportation to the University of Haifa upon arrival is limited ONLY to taxis from the airport. You can access taxi services/ dispatchers from:

Level G, at the exit from Gate 03

For more information about taxi services, please see here: <https://www.iaa.gov.il/en-US/airports/bengurion/Transportation/Pages/Taxi.aspx>

Taxi transportation costs can be calculated below and the general cost to the University can be between 400-600 shekels (\$100-\$150):
<https://www.iaa.gov.il/en-us/airports/bengurion/pages/taxifarecalculator.aspx>

Other options available if there are non-Covid-19 regulations:

1. **Sherut:** Shared taxis called *sherut* wait outside the arrivals hall exit.
 - There are *sherut* that bring people directly to Haifa and the surrounding regions that depart from the service post on Level G, next to Gates 01-03.
 - There are signs directing to the post and the service operates 24 hours a day. Telephone: 04-866232
 - Let the driver know that you need to be dropped off at the dormitories of the University of Haifa. As soon as the *sherut* van fills with ten people, it will leave for Haifa and will bring you directly to campus. The cost of the *sherut* is about 70 shekels or about \$20.

2. *Train:* There is a train station at the airport where you can board a train that will bring you directly to Haifa.
- When exiting (after baggage claim and customs), you will see to your left hand side the exit to the train station (there will be a sign above the exit).
 - The entrance to the train station is on your immediate left upon exiting the airport and you will be able to purchase tickets either by machine via credit card or with a clerk.
 - Purchase your ticket to: **Haifa-Hof HaKarmel (Razi`el)**. The cost of the train is about 50 shekel (about \$15).
 - Take the train northbound to **Haifa-Hof HaKarmel (Razi`el)**. It is the first train stop in Haifa.
 - Take a taxi to the University of Haifa Dorms , "**Meonot Universitat Haifa**" (transliteration) or walk to the central bus station and take **Bus 46 or 146** from **Platform: 16** and get off at the last stop on campus: "**Meonot Universitat Haifa.**" A private taxi to the university will cost approximately 50 shekels (\$15). A bus to campus will cost 6.9 shekels (about \$2.50). If you have a lot of luggage, taking a cab will be the best option.

Phone Services upon Arrival:

You **MUST** have phone and data service upon arrival. For those who must be in quarantine you need to arrive from home with data and phone service which will be able to cover you for the two week period of quarantine and have the following options:

Students from the US, Canada, Europe and Australia have the option to pre-order SIM cards and plans before arriving to Israel and have them shipped directly to their home:
<https://www.talknsave.net/school-programs/>

Those who wish to have a plan upon arrival, have the ability to pre- register for one and pick up your SIM card at the 019Mobile booth at Ben Gurion Airport: <https://019mobile.com/>

// WHAT TO BRING

Suggested Packing List:

Dress in Israel tends to be casual, and what you wear at your home university is probably what you will want to wear at the University of Haifa. In addition to your basic clothing, we suggest you bring the following items:

#WhyHaifa
MultiExperience

Excellence.Diversity.Innovation

- Unlocked/SIM-free phone
- Water Bottle
- Alcolgel, masks and gloves
- Kitchenware
- Swimwear
- Hat
- Hiking shoes
- Waterproof sandals
- Sunscreen
- Towels
- Prescription medication
- Toiletries
- 2 Passport Photos (for gym membership)

If you will be living in the dormitories on campus, please note: you **MUST** bring sheets and blankets (for a single bed) with you from home. You **MUST** bring enough clothing for a minimum of two weeks.

The dormitories will provide you with a hotplate and a refrigerator in your dorms. **Utensils and added appliances are NOT provided by the dormitories.** They can be purchased upon arrival during your first week in Haifa, or brought with you from home. **Students in quarantine MUST bring utensils with them from home.**

It should be noted that most American and European brands of toiletries can be purchased in Israel, and that Israel offers many comparable brands, so there is no need to bring a large supply of toiletries. Some items, such as batteries and reading material, are very expensive in Israel, so you may want to bring enough to last you through your stay.

Electrical Appliances:

The electrical current in Israel is 220 volts, 50 cycles (as opposed to the 110 volts and 60 cycles in the USA). Therefore, if you choose to bring any electrical equipment, you will need to purchase a transformer. Some appliances, such as hair-dryers and shavers, may be dual-voltage, and for these you will need adapter plugs that are convertible to the Middle East. We suggest that you bring an alarm clock that runs on batteries.

// COMMUNICATIONS WHILE IN ISRAEL

Phone Services upon Arrival:

Please be sure that your phone is unlocked so you can purchase an Israeli sim card for the duration of your studies. Students are required to have their cell phones charged and with them at all times to enable International School staff to reach them by phone call or WhatsApp message in the event of an emergency.

The International School is unable to provide students with the means of making or receiving personal calls unless a true emergency exists. The office can receive messages for students during its regular office hours on Sunday through Thursday, 8:00 – 16:00 (8:00 AM to 4:00 PM).

Prescribed medications in Israel:

Please bring any prescribed medicines with you from home to cover you for the time you will be abroad.

If prescribed medicine in Israel following a doctor's visit, you may purchase prescription medicine **only at the pharmacies located in the Clalit clinics**. Medication included in the government's Health Service Basket (*salhabriyut*) **is generally provided free of charge or at the low fee**. // BANKING AND MONEY MATTERS

Upon arrival to Ben Gurion Airport, we strongly suggest you convert a minimum of \$150 to NIS (New Israeli Shekel) for transportation and food. When exiting the baggage claim you will see a "Bank Ha Poalim" money exchange booth next to the main exit to the train station/taxi station.

Bank Cards:

The easiest way to obtain cash while in Israel is to use your bank/ATM card from your bank in your home country. Be sure to check with your bank ahead of time to find out if your card can be used internationally and if any extra fees apply. Also, if your card requires a password, be sure to bring it with you. There is a branch of Bank Yahav on campus with ATM machines that accept international cards.

You are encouraged to notify your bank ahead of time of the dates you will be abroad and where you will be traveling. This will prevent them from freezing your bank card due to what they may consider suspicious activity if they are not aware that you are abroad.

Credit Cards:

Visa and MasterCard are widely accepted in Israel, and many places will also accept Diner's Club and American Express. Credit cards can be used for purchases in stores, restaurants, movies, and for various services. In addition, your credit card can often provide you with a cash advance.

// SECURITY AND LIFE IN THE MIDDLE EAST

As you prepare for your study experience in Israel, the issue of security is undoubtedly on your and your family's minds. First and foremost, know that the welfare of our students is our highest priority. It is an unfortunate fact that we have had to adjust ourselves to difficult times here in Israel, but we have learned to deal with them calmly and professionally. The International School staff has many years of experience making sure that our students live and study in safety and return home enriched by their time here.

The University of Haifa's campus is set on a quiet spot on top of Mount Carmel on the edge of Haifa. The University employs special security guards who check every individual coming into campus and who patrol the campus grounds. Entrance to the dormitory complex is limited to those with a dorms ID card, and a guard is on duty 24 hours-a-day, 7 days a week. This facilitates a secure and relaxed atmosphere where students can focus on their studies. All aspects of our social program, including trips around Israel, are coordinated with the security authorities, thus allowing students to see the country in the safest possible way.

During orientation at the beginning of each semester, students will receive an updated list of security instructions. These instructions will include information about measures students can take to keep themselves safe, parts of Israel where students are not allowed to travel, and what to do in case of an emergency. These instructions change from semester to semester and all students enrolled in the International School are required to abide by these instructions. Failure to abide by the security instructions may result in dismissal from the International School.
